Steve Ivy Rare Coin Co.

The originator of the guaranteed grading system

Dear Customer and Friend:

Many exciting things have happened at Steve Ivy Rare Coin Co. since our last full-color catalog in February. First of all, we have moved to our beautiful new office in North Dallas, giving us more room to serve you better, and providing space for future expansion. Please note our new mailing address. When in the Dallas-Fort Worth area, be sure to give us a call and stop by.

Our buyers have been successful in providing an extensive selection of new purchases in this catalog. Whether you are an advanced collector looking for a single rarity, or a new investor who would like to put a few things away for the future, the coins you need may be listed. Among the items making their debut in our color catalog are a Choice Uncirculated 1795 Half Cent, an incredible 1801 Eagle, and many members of a superb set of Commemoratives which we have recently purchased.

The coin market looks stronger than it has in years. Gold coins are again extremely popular and, in all probability, have a more solid base of support than ever before. The demand for Choice and Gem type material seems perpetual. Perhaps the hottest non-gold series at the moment are Morgan and Peace Dollars, which are attracting new collectors and investors every day.

We hope you find this issue enjoyable and, should you discover something of interest to you, please submit your order at your earliest convenience.

Sincerely,

Ron Howard
Manager—Rare Coin Department

HALF CENTS

Exceptional 1795 Half Cent.

LARGE CENTS

Outstanding 1794 Large Cent.

- 1794 Ch R&B Unc (60+) This is one of the four or five nicest 1794 Large Cents we have ever seen. The coin has quite a bit of the original mint red with the remainder of the surfaces being a beautiful, glossy brown. The coin is very well struck. The planchet has several cracks on the obverse, which is typical of many early coppers. In addition, there is one die break between the "I" and "B" of "LIBERTY". Without a doubt, this is the finest 1794 Large Cent on the market at this time. The record for this date is \$13,000, brought at the Miami A.N.A. in 1974. Would fit into the finest type set. Museum quality. (see color photo) 5,750.00

-
- 1795 VG (8) Scarce lettered edge type 95.00
- 1797 F/VF (15+) S-12K. Period before throat variety. "UNITED" virtually indistinct; rest of reverse strong. Attractive obverse color 95.00
- 1800/99 EF/AU (45+) Perfect surfaces and lovely color. The type commonly called "Brown Unc". . . . 495.00
- 1803 Gem R&B Unc (65) Well struck with full hair detail. Absolutely gorgeous surfaces and color. A candidate for the most advanced type set. An excellent opportunity. (see color photo). 3,250.00

EARLY DIMES

Seldom Offered Proof Bust Dime.

1835 Gem Proof (65) Unquestionably a Proof. The only other bona fide Proof that has been offered, to our knowledge, in the last two years is a Gem 1831, sold as part of an 1831 Proof Set. That set, which included a Half Cent, Half Dime, Dime, Quarter, and Half Dollar, changed hands for approximately \$30,000. A little arithmetic and some price comparison conclude that this coin is fairly priced. A classic, beautiful coin that would enhance even the most elegant cabinet. (see color photo) 5,000.00

BUST HALVES

1795 VG (8). 275.00

Noteworthy Capped Bust Half Dollar.

1812 Gem BU (65+) Expensive, but quality such as this is never cheap. (see color photo) 1,450.00

1813 BU (60) Nice strike with full mint luster. Some slight irregularities on the reverse at 5 o'clock caused by the edge lettering. (see color photo) 395.00
1814 Gem BU (65) (see color photo) 850.00

Exciting Gem Proof Bust Half Dollar.

1830 Gem Proof (65) As with the 1835 Dime in this price list, there is absolutely no doubt about this coin being a Proof. This coin has complete mirror surfaces and needle-sharp detail. There are some lines in the fields, but they are probably a result of the polishing of the dies. Often, prooflike examples are offered as Proofs at bargain prices which has acted to hold the price down on the real thing. As a Proof, this is probably an R-7 item. (see color photo) 5,250.00

1832 AU (50). 125.00

REEDED EDGE HALF

1838 AU (50) A small planchet defect at the rim. Nice mint luster. In all, an appealing coin 195.00

One Of The Finest 1870-S Gold Dollars.

1870-S Gem BU (65) After a hiatus of ten years, the San Francisco Mint produced 3,000 Gold Dollars in 1870. When they were released, several hundred were immediately used in jewelry or as buttons, as evidenced by the large number of impaired specimens known today. This piece survived unscathed, however, and lacks any problems whatsoever. One of the finest known. (see color photo) 3,950.00

QUARTER EAGLES

Important 1798 Quarter Eagle.

1798 Ch AU (55+) Wide date, five berries. A significantly rare variety, although no premium has been added to our price for that reason. Of immense importance because of its rarity and condition. Incredibly well struck for this date, so much so that the amount of detail apparent surely surpasses that visible on the few pieces that may exist in Mint State. The obverse is completely free of any nicks, scratches, or adjustment marks. The reverse shows traces of adjustment marks that were on the planchet, but the coin was so heavily struck as to render them virtually unnoticeable. The shield lines are bold and completely separated. The eagle's breast and wingtips are full. Both obverse and reverse surfaces are prooflike. Dave Aker's research testifies to the rarity of this piece, as it shows no specimen cataloged as Uncirculated has appeared at auction since 1963. We are proud to offer this exciting coin. (see color photo) 8,500.00

Important 1834
With Motto Half Eagle.

1834 Gem BU (65) Plain four. This coin was Lot No. 1045 of the Bowers & Ruddy Austin Sale in 1974, where it brought \$27,000. Walter Breen can only trace two Mint State specimens of this date and type in existence. It has lovely color with a prooflike reverse. In addition, it is a virtual full strike. A beautiful coin indeed, and worthy of the finest cabinet. Priced very fairly. 22,500.00

Rarely Offered Mint State
"O" Mint Half Eagle.

1844-O Ch BU (60+) Full, booming mint luster, and quite well struck, especially for a New Orleans issue, with full eagle's claws, shield lines, and wingtips on the reverse. As a group, No Motto Half Eagles from the New Orleans Mint are nearly as rare as those from Charlotte and Dahlonega, although they are, relatively speaking, more reasonably priced. EAGLES

Desirable 1795 Eagle.

1795 Ch AU (50+) Just a little rub on the high points. No adjustment marks, nicks, scratches, or problems of any kind. Beautiful, prooflike surfaces retain practically all of their original luster. An excellent opportunity. (see color photo). 8,500.00

1801 EF/AU (45+) Nice color. Well struck. (see color photo). 2,250.00

Gem Heraldic Reverse Eagle.

1801 Gem BU (65) Great color and nearly a perfect strike. No adjustment marks and virtually no handling signs at all. Similar coins have traded at \$7,500 and more. (see color photo). 6,500.00

1803 Ch BU (60+) Exceeded in rarity in this outstanding condition by no other date of this type except 1804. This coin exhibits an indescribably beautiful color and is virtually fully struck. Only a few very light obverse adjustment marks keep this coin out of the Gem classification. In fact, this is the second nicest of this type we have ever handled. (see color photo). 5,950.00

DOUBLE EAGLES

1861-O EF (40) Catalogs at \$2,200. Nice mint luster. 1,875.00

Interesting 1861-S Paquet Reverse Double Eagle.

1861-S Paquet EF/AU (45+) The reverse designed by Anthony Paquet. These new reverse dies, featuring tall, narrow letters, were sent to the branch mints which struck the denomination. A trial striking at Philadelphia of two examples on January 5, 1861, showed the new die to be unsuitable for regular issue coinage. James Pollack, Director of the Mint, sent messages to New Orleans and San Francisco, suspending further use of the die. The message arrived at New Orleans but failed to reach San Francisco, due to rather primitive travel conditions and lack of a telegraph. In the interim, 19,250 were struck at San Francisco using the Paquet reverse. When word reached the mint, most of these were melted and recoinced using a leftover regular reverse die. A few reached circulation. An immensely desirable and historical issue and one of the finer examples to appear for public sale 7,500.00

One Of Few Surviving
1929 Double Eagles.

1929 Gem BU (65) In 1929, the handwriting was already on the wall for U. S. gold coins. The three mints would strike nearly six million Double Eagles, but only a relative handful would survive the melting pot. No one knows exactly how many of each particular date escaped, but that unique time in our country's history created some of our most famous and beautiful gold coin rarities. (see color photo). We proudly offer this Gem example for 5,750.00

A Pair Of Gem Proof
Stellas In Copper.

| | |
|---|----------|
| J-1636 Gem Proof (65) 1879 \$4. The famous "Stella" struck in copper. Flowing Hair. Exactly the same design as the gold issue. When one considers the purchase of this piece, he must remember that all Stellas are Patterns, and that this copper Pattern is about thirty times rarer than its gold counterpart. This coin has beautiful surfaces and a full wire rim. Not gilt, as many of the few known specimens have been. (see color photo) | 7,500.00 |
| J-1639 Gem Proof (65) 1880 \$4. Flowing Hair Stella in copper. Similar in rarity, quality, and appearance to J-1636. Also rarer than the gold coin from the same dies. The price of this rarity is a numismatic anomaly, since a pair of 1880 Flowing Hairs have been offered at \$49,500 each in recent months. An important and historic item. Pattern Double Eagle

| | |
|---|----------|
| J-1178 Gem Proof (65+) 1871 \$20 in nickel. Listed as R-8, but it is perhaps unique. This is the most incredible nickel Pattern we have ever seen. Because of its extreme hardness, nickel coins or Patterns were rarely fully struck-up by the mint. And the larger the dies, the more difficult it became to impart proper detail to the planchets. This is shown by the progressively weaker strikes of most gold die trials in nickel as their denomination increases. However, special attention was obviously paid by the mintmaster to this piece, as it is equal to the strike of any gold Proof Double Eagle! In our opinion, this is the most beautiful nickel piece (Pattern or regular issue) ever produced by the U. S. Mint. (see color photo). | 4,750.00 |

Commemorative Halves

Choice Brilliant Uncirculated (60+)

A Commemorative issue which has seen no circulation and has full luster. The coin will be completely as struck. The coin may have bagmarks which were acquired through normal handling through the years. Commemoratives in this grade are of better than average quality uncirculated specimens.

Gem Brilliant Uncirculated (65)

This is an uncirculated coin which has a strong strike for the issue and a minimum number of bagmarks. These coins will have full brilliance, but may be naturally toned. Commemoratives are seldom found any better than this. In short, coins which meet this grade are the finest quality available on the market.

Color is for results.

When selling our consignors' coins, our main objective is to realize the highest possible price for the total consignment. We know that in order to accomplish this objective we must sell as many coins as possible to retail collectors and not wholesale to dealers. We also know that the auction catalog is the only source available to the retail mail bidders to make their purchasing decisions. Because of these facts we believe that the auction catalog should show the most appealing representations of the coins being sold. And color does this best.

Color is accurate. Color photography is the only way to depict the coin with the precision necessary for mail bidders to bid with great confidence. The color pictures show detail, relief, strike, and most importantly color. With this kind of information, the mail bidder can bid more aggressively because he knows exactly what he is buying.

Color is beautiful. In order to realize the highest possible prices, your coins must be pictured in the most pleasing and complimentary manner available. Our color catalog allows your coins to exhibit their natural beauty using the most sophisticated color printing techniques. Now a toned Proof can be seen, and the attractive blues, greens, and golds appreciated.

Color is reality. With the exception of holding the coin in his hand, the mail bidder has no better way to see the exact appearance of the coin than with color. Our color photographs depict the coin as it is. This allows the true quality of the coin to be observed, and consequently a

confident bid can be submitted according to that true quality.

Color is for results. Our all color catalog gives the retail mail bidder the best possible reference to make his bidding decisions with a high degree of confidence. This is supported by the fact that over 40% of all the coins in our auctions sell to mail bidders. This record level of retail mail bid participation and our color catalog insures you of receiving the best results when selling your coins.

Let us put our all color catalog to work for you. Call our Auction Director Bob Merrill today, toll free, at 1-800-527-4503. He'll tell you how you can get the best results using our beautiful color catalog.
